European Regulation REACH EC 1907/2006 STATEMENT

European Community Regulation No. EC 1907/2006 dated December 18, 2006 concerning the

Registration, Evaluation, Authorization and Restriction of Chemical substances (REACH)

EAO is a global supplier of electrical and electronic switch products and switch accessories, keypads, keyboards, control panel assemblies and CAN interfaces for Transportation, Machinery, Telecommunications, Process Control, Lifting and Moving and Automotive.

With the publication of the candidate list (article 59 REACH), 28th of October 2008 and continuous additions to article 33(1) of the REACH-Regulation as per **January 12th 2017 with 173 substances** on the SVHC list, suppliers are obligated to inform their industry-customer in the EU about the presence of "Substances of very high concern, SVHC" in its products. This is relevant as soon as their concentration in the products would be higher than 0.1 Mass-%. Suppliers of such goods have to provide sufficient information to their customer to ensure a safe handling. In minimum this should contain the name of the substance.

Please note that EAO products do not release SVHC substances during use.

The following products listed below contain Dioctyltin (DOT) compounds published in the ECHA SVHC Candidate List at or greater than 0.1% of total weight:

Marking Plates
